

A FEMINA SUBSCRIPTION OFFER

A rainbow of rings

Order one or more of these handmade rings set with half-moon stones in brilliant colours, and get a year's subscription to FEMINA, absolutely free

*From only
R198*

A HALF-MOONSTONE—blue lola, green peridot, red garnet, purple amethyst or yellow citrine. Wear just one, on its own, or with a plain band. Wear two and complete a red or yellow or purple moon. Wear them all at once—a playful rainbow of semiprecious gems set in a combination of sterling silver and 9ct gold.

We offered similar rings last December and you loved them so much that we asked

Israeli jeweller Eitan Aharoni to come up with a new design, specially for you.

The half-moon rings are R288 each (R488 if you order two) and the plain bands R158 (R318 for two). A combination of half-moon ring and plain band costs R408. The offer includes only one free subscription per order. If you're already a subscriber, make the free subscription a gift to a special friend.
